Jefferson City, March 26—Governor Hyde said today that he would not make either the Kansas City or St. Joseph appointments today and perhaps not for several days. He also deferred the naming of the police commissioner for several days.

The house remained in session until the senate adjourned, although only twelve members were present when adjournment was taken. The house met again Saturday afternoon and agreed to concur in twenty of the thirty senate amendments to the final appropriations bill. The conference committee spent the day considering the bill.

WORK BEGINS ON SWIMMING POOL

CONSTRUCTION OF RETAINING WALLS STARTS TODAY

MAY FINISH 6 WEEKS

Pool Will Be 90 by 100 Feet With Depth Range of Three to Ten Feet—Berg Supervises Work

Work on the retaining wall of the new swimming pool which is being built by G. W. Aley and son, Ralph, started this morning. Four men are today working on the wall which will be concrete and of eight inches in thickness. This wall will go entirely around the grounds on which the pool will be built and will be slightly higher than the ground to leave room for a sand surface to be filled in.

The pool will be 90x100 feet and will be graduated in depth from three to ten feet. It will be equipped with the latest type of filters and a continuous stream of water will run into it.

Drains will be placed at three different places on the bottom of the pool and a two-inch stream of water will run into and out of the pool.

The contract for the construction of the pool was not let to any company but W. A. Berg will personally supervise the construction work.

It is estimated that the pool will be completed and ready for use within five or six weeks. The progress of course, will depend a great deal on the weather but allowing for moderation, the work will go on from now until the pool is completed.

Arrest Expected in Dorothy King's Case

Prosecutor Has Man Under Surveillance—Philadelphia Millionaire Is, "Mr. Marshall"

New York, March 26—Assistant District Attorney Ferdinand Pecora, who is conducting the investigation of the case of beautiful Dorothy Keenan, found dead in her apartment, admitted to the police this afternoon that he now has under surveillance a man suspected of causing Miss King's death while trying to force her to write blackmail letters or to give him letters for that purpose. His arrest is expected soon.

Pecora is sure that black mail was the cause of her death and that she was given an overdose of choloform by the person or persons who were attempting to use her as a tool.

John Kearsley Mitchell, the mysterious "Mr. Marshall" in the case, "Philadelphia millionaire, and son-in-law of Edward T. Stotesbury, partner of J. P. Morgan, admitted to Pecora that he had written a dozen or so letters to Miss Keenan, but said he had phrased them carefully. He said that she worked in a dressmaker's establishment and that the money given her was for presents of jewelry and the like.

Mitchell called his wife by long distance phone from the attorney's office and immediately afterwards started South to meet her. She left Palm Beach at the same time for Philadelphia.

Orin Masters Named as Student President

Chosen Head of High School Student Body This Morning—To Plan for "Walk-Out Day."

Orin Masters was elected as president of the high school student body, this morning, at a meeting of the students. Harold Moore, the other nominee, was a very close second. A short meeting of the student body was held this morning, at the beginning of the activity hour for this purpose. Principal L. L. St. Clair suggested that the president be chosen from the senior class. Masters will have charge of the "field day" or "walk out day" this spring. He has appointed a committee to help him. The committee is composed of two students from the senior class, two from the junior class, and one each from the sophomore and freshmen classes. Each committee member will choose a subcommittee to aid him in the work. The committee is as follows; Alyce Allen and Roland Holloway, seniors; Jarvis Bush and Marie Chandler, juniors; George Aley, sophomore and Donald Goforth, freshman.

It has been customary at the high school, to have an annual walkout day, in the fall. This year is was decided to postpone the day until springtime, because of the numerous holidays during the fall semester. There are no vacation days during the spring semester. It is also being conducted in an orderly manner this year, instead of the usual haphazard, unorganized "walkout."

Clemency Denied Murderer by Hyde

James H. Seward Must Pay Extreme Penalty Unless Governor Changes His Mind By Tomorrow

Jefferson City, March 26—Governor Hyde said today that unless he changed his mind within the next twenty-four hours he would not extend clemency to James H. Seward to be hanged at Hillsboro, Jefferson County, Wednesday for the murder of Andrew Deck, in February 1921. The governor said he had recently had the case investigated by two men, one from the legal viewpoint and the other from the public opinion standpoint.

"On the basis of these reports I find nothing that would justify an extension of clemency. In event Seward pays the extreme penalty it will be the first hanging in Jefferson County in forty-five years.

FUNERAL OF ABBOT FROWIN TOMORROW

WILL BE HELD AT 9 O'CLOCK AT CONCEPTION ABBEY

CONDUCTED BY BROTHER

Bishop Gilfillan of St. Joseph Diocese Will Attend and Father Brady Will Preach Sermon

Funeral services for the Rt. Rev. Abbot Frowin Conrad of Conception Abbey, who died there Saturday morning, will be conducted by his brother, Abbot Ignatius Conrad of Subiaco, Ark. Bishop Gilfillan of the St. Joseph diocese, will preach at solemn Pontificial requiem mass and the Rev. Father Brady will preach the funeral sermon. The services will begin at 9 o'clock on Tuesday morning. Many Catholic clergymen from this part of the state are expected to attend the services. Father Pius, pastor of the St. Mary's Church here, and brother of the late Abbot, left this morning for Conception.

Abbot Conrad is survived by three brothers and two sisters; Father Pius of Maryville, Abbot Ignatius Conrad, of Subiaco, Ark., a brother, who lives in Switzerland and his two sisters who are nuns. Abbot Conrad was said to have been the oldest Benedictine abbot in the world, having been a member of the Benedictine order for seventy years. Fifty of these years were spent in Conception.

The following tribute to Abbot Frowin was written by one of his friends:

With Abbot Frowin a truly great man went to his eternal reward. He was born at Auw, Ct. of Aargua, in Switzerland, on November 2, 1833, a child of a remarkable family, which gave the Catholic Church five priests. Already in his tender years he showed an inclination to the holy priesthood and was consequently sent to College. He made his classical studies at the Jesuit College of Schwyz, and the Swiss Benedictine Abbey of Engelberg, Ct. of Obwalden, where he became a Benedictine himself by his final vows on August 15, 1853. Three years later, on September 14, 1856, he was ordained priest at the famous Swiss Abbey of Einsiedlen, at which place he had finished his theological studies. From thereon he served his monastery in various offices, especially as professor and prefect of the college which was attached to the abbey. At last he became in 1867 pastor of the large parish in Engelberg. In all these occupations Father Frowin showed himself a very scholarly, but also a most practical, and above all a most pious man, a true monk of St. Benedict.

In 1873, the abbot of Engelberg received an offer of founding a monastery in the United States and on April 27 of the same year Father Frowin Conrad was sent out with another member of his abbey to head the new foundation. After various negotiations Conception, Mo., founded in 1858 by the Rev. James Power, was chosen for the new establishment. Father Frowin arrived there on September 14, 1873, took at once charge of the parish, put up a frame building where the cemetery chapel now stands, and gathered around him a monastic family which in a short time grew to such an extent that in 1880 the present substantial monastery could be erected, and Pope Leo XIII found it large enough to be made an abbey with the Rt. Rev. Frowin Conrad its first abbot. As such he received the solemn Benediction on June 29, 1881.

Already before this time the activities of Father Frowin were astonishing. He was in charge of Conception parish and of all the Missions connected with it in the East part of Nodaway County, all of Gentry County, and a portion of Andrew and Harrison Counties, whilst in the new monastery he held the position of Prior and directed all its movements. But after he became abbot, these activities were doubled and trebled. Under him the four wings of the abbey, the magnificent abbey church, the Conception College, the Benedictine Convent, and all the parishes affiliated with the abbey, became a reality and Abbot Frowin was the soul of all. That in spite of all this he did not forget himself is proved by the fact that everybody who knew him venerated him as a saintly man.

Now he has passed away as everything else in this vale of tears passes away, and went to his rich reward, leaving in his monastery 83 religious of whom 55 priests, now presided over by the Rt. Rev. Abbot Philip Ruggle who became his successor as Abbot of Conception Abbey on May 10, 1922, when Abbot Frowin was no longer able to tend to his duties. Kindly pray for the repose of his soul.

THREE KILLED IN APARTMENT FIRE

TWO REPORTED DYING AND ANOTHER MISSING.

100 FAMILIES IN HOUSE

Firemen and Police Do Valiant Work in Fashionable New York Apartment House Blaze.

New York, March 26—Three known dead, one and possibly two reported as dying, and one other missing, is the result of a fire, which swept the two upper floors of a fashionable apartment house on West 57th street early today.

The flames soon spread to an adjoining building. First reports, due to the general confusion, said that six persons were missing, but a later check-up brought the number down to one. This apartment house is close to the one that was occupied by Miss Dorothy Keenan, whose mysterious death occurred last week.

The known dead are: Miss Anna Fries, 25, killed by jumping from a window, Mrs. Margaret Lee, 65, burned to death, and Emily Lee, 35, her daughter, burned to death.

Miss Fries met a horrible death being trapped on the sixth floor in the flames. She threw open a window, clung to the sill until her strength failed her then dropped to the ground below. She died almost instantly.

A hundred families were in the building. Quickly after the blaze started dense clouds of smoke went through the rooms and hallways and screams of fright filled the air. Considerable delay was experienced in identifying the third victim.

Three fire alarms were turned in quick succession and police reserves were dispatched to the scene. Spectacular rescues were made by firemen and police reserves. One person jumped to safety in a life net. First aid was administered to more than a score of injured persons and women hysterical from fright.

"DIVINE SARAH" IS DEAD SAYS REPORT

WORD REACHES LONDON IN TELEPHONE MESSAGE

WAS 78 YEARS OLD

Famous Actress Displayed Wonderful Vitality and Optimism To the Last

London, March 26 (Bulletin).—A report reaching here at 8:30 o'clock tonight said that Madame Sarah Bernhardt, world renowned tragedist, had died at her home in Paris. The report was telephoned from Paris.

Paris, March 26—The last sacrament was administered to Madam Sarah Bernhardt at 3:30 o'clock this afternoon after attending physicians had given up hope for her recovery. Her death is expected momentarily.

Madame Bernhardt suffered another relapse during the afternoon and failed to rally. After the first relapse two physicians were hastily summoned from a nearby residence in an attempt to strengthen her heart action. Physicians have described her condition as, "very feeble."

A most pathetic scene was enacted in the sick chamber, when George Michel, a life-long friend visited Madame on Sunday. As he entered the room, Madame Norman, who supervises the nurses, greeted him by saying:

"Do not talk to her too much; she is more tired than she will admit. And she does not hear well."

Madame Bernhardt overheard the nurses caution and broke in, "Yes I have a ringing in my ears all the time like—what play was it in which I had such a ringing in my ears, I cannot remember." She was silent for a moment then continued:

"Has the moving picture people come yet? I find the moving picture task atrocious. The continnal turning of the crank is so irksome. The crank registers everything except the most beautiful of them all—the spoken word."

"My dear friend, why do you do it then?" Michel asked her. "Really I don't," she answered, "The others turn the crank, but it is so tiresome. They offered me 10 million francs and you see that I could go to America without leaving Paris. I would like to know what they would have offered me in America."

Madame Bernhardt's illness has now been diagnosed as uremic poisoning complicated with heart weakness. Physicians and nurses are in constant attendance. Only the indomitable will of the famous actress keeps the thread of life from snapping.

After a cup of broth this morning, the "Divine Sarah," remarked about the lovely weather. It was a spring day and sunshine was flooding through the window.

"I shall live to continue my work," she said, but so pitifully weak that she could hardly be heard. From five to seven specialists are in frequent consultation. They have been amazed at the wonderful vitality of the patient who is 78 years old.

Students to Dress Merchant's Window

High School Seniors Will Decorate Montgomery-Cummin's Window In a Contest

Frank Cummins, of the Montgomery-Cummins, clothing store, was at the high school this morning, where he proposed a novel plan to the boys of the Senior class. The plan is, for the boys to decorate one of the store show windows during the coming two months. Each boy will be assigned a day to decorate the window, and will be free to use anything in the store, such as clothing, hats, window fixtures and lighting equipment. Each boy may work by himself, or they can work in pairs or groups, if they wish to. Three men, who have had experience along that line will act as judges, and the winning boy or group will win a prize. The prize will consist of any hat and shirt in the store, or the equivalent of these. In this way the boys will get practice in the art of show-window decorating, which will be valuable to at least some of them. Bring on the decorators!

BESS CRANDALL THORP.

CRIMES OF PASSION.

Not all the crime wave is made up of the acts of bandits and housebreakers who shoot people in their attempts to steal money. Love and jealousy are causing many crimes today, and you constantly read of folks whose unbridled passions lead to some terrible act of violence. Jealous husbands and wives shoot their wedded partners, lovers kill those who seem to prefer other suitors.

Apparently a lot of people are getting to the point where they have no self-control. They get into such a fury of excitement, that every other consideration drops out of sight except the desire for revenge on one who they feel has offended them.

Most people who do such deeds have in the past failed to exercise control over their feelings. They have usually been self-willed persons, who are determined to have their own way regardless of cost or of justice.

There are a lot of people who simply can't stand to be crossed in any way. As children they went into tantrums if they were not permitted to do as they pleased. They follow up this habit after they grow up by showing violent temper when things go wrong. Anger and passion are sentiments that become more violent and dangerous the more they are cultivated and allowed to run wild, and in extreme cases they result in crimes of jealousy and rage.

Parents who have chidren who exhibit these wilful ways need to look carefully after their bringing up. To let a young person grow up with this habit of having his own way in everything, is inviting disaster. Such children should be dealt with kindly but with a firm hand. They should be made to realize that there are higher powers than their own will. If they are taught kindly at an early age that they must submit to justice, there is not much danger that in adult life they will break out in crimes of vengeance.

Ordinary feeds are no more suited to them, than pork and beans to a human baby. Chamberlain's Starting and Developing Feed starts 'em right. Saves loss, increases vitality, helps prevent white diarrhoea, hastens growth and development, also produces broilers quicker than other feeds. It will double the growth of those fed on grain. BASS AND HONSARO MATCH IS TONIGHT

BOTH MEN IN TOWN IN GOOD SHAPE

GOOD PRELIM SCHEDULED

"Grapplin" Fraser and "Bad Steve" Lamer, Both of the College, in Curtain Raiser

What the wrestlers say.

Bass:—I'll throw him alright but it take maybe hour or more."

Honsaro:—"Bass is awful tough and I think the match will last maybe two hours but I believe I'll throw him. I'll show them whether or not he can be head-locked."

The third wrestling card of the local post of the American Legion will be promoted tonight at the State Teachers College gymnasium when two interesting matches will be held. In the curtain raiser "Grapplin" Fraser and "Bad Steve" Lamar, both students at the College, will meet. Both of these boys have had experience on the mat and an interesting preliminary is promised.

In the main go Johnny H. Bass, the "Russian Bull" and Bob Honsaro, the pride of Council Bluffs, will meet. These men are scheduled to furnish the fastest match of any that has been promoted by the Legionnaires. Although smaller than any of the other participants in mat cards Bass and Honsaro will likely give the fans as interetsing bout as both have been working hard and both are in good condition.

Relative to the match Bass said, "By gar, I dunno. I think I throw him but it take maybe hour or more."

Honsaro said, "I think maybe the match will last two hours or more. Bass is tough, awful tough but I think I'll throw him."

So there you are. That is where the dope ends and for further particulars you will have to jar loose with your dollar and a quarter and see for yourself.

A number of challenges have been received by the promoters from wrestlers wishing to meet the winner. Vernon Davis, winner of the Davis Wholy match two weeks ago, wants to meet tonight's victor and among the others are Mike Navak, Billy Byers and others. Navak and Byers both have exceeding good records.

Fear Will Never Rule Loyal Workman

The answer, I believe, is this: on our railways, in our steel plants and mines—everywhere throughout our new multiple-unit induustry—the man in charge has grown too firmly into the habit of trying to draft men's cooperation by the fear of punishment instead of aiming to secure it by the promise of satisfactions—he has too long depended upon compulsion instead of leadership.

That is the natural result of the Reign of Rumor which came into power when our factory roofs grew much too fast to permit manager and man to continue shoulder to shoulder. Of the resulting mutual ignorance, one consequence is sure—the mutual fear which, as its shadow, walks hand in hand beside it. Because he fears that his workers wish to lessen his share of the spiritual and economic satisfactions of the common enterprise, the manager conceives it necessary to base his appeal for their cooperation upon their fear of him. Just arrived, car of Franklin County, Ill. egg coal. $10.00 per ton. Wm. Everhart. 26-28

DO YOU KNOW WHY THE GEAR-SHIFT IS DIFFERENT?

The design of Dodge Brothers gear-shift takes into consideration the natural inclinations of the driver.

To start, you throw the lever forward. To reverse, you pull the lever backward. And when the car is running in high gear—which is about ninety per cent of the time—the lever is in a forward position, out of the way, where it does not interfere with passengers, robes, or luggage.

Moreover, the transmission, developed and patented by Dodge Brothers, is so designed that the countershaft—used in intermediate speeds and in reverse—is disconnected when the car is in high. There are no gears in mesh. Power is transmitted directly from clutch to rear axle.

This exclusive feature prevents the loss of power through friction, reduces gear-box noises and eliminates a vast amount of wear.

That is why the gear-shift of Dodge Brothers Motor Car *is different.*

GOOD MEAT FOR HOME USE.

Directions for Keeping Smoked Meat During the Summer.

Smoked meat that is to be stored away for summer use, should be allowed to become dry and hard. Never pack away warm, soft and moist meat, says A. T. Edinger of the Missouri College of Agriculture. A sprinkle of pepper is sometimes added to the meat at this time. It is first wrapped in wax paper, then in heavy wrapping paper and put into a muslin or paper sack, tying it tightly at the top. After wrapping never use the strings to suspend the meat that were used for hanging the meat while smoking. If the string is sticking out of the package it is impossible to make it insect proof.

Suspend the meat in a cool, dry dark and well ventilated room, attic or cellar; or bury in a grain bin or in salt. As smoked meat will absorb very little salt it need not be wrapped when stored in salt.

Before the meat is put away in storage it should be tested for bone sour. After being smoked a "ham trier" or a long wooden skewer should be run along the bone to the center of the ham from both ends. Shoulders are apt to be sour at the joint. If the odor is sweet the meat is sound. If strong, the parts that are not spoiled should be used immediately.

Bacon and shoulders should be used the summer following the winter of killing. Hams that are properly selected, cured, smoked and stored should keep in wholesome, tasty condition indefinitely.

During moderately cool weather, any pieces of smoked meat that are to be kept for only a short time may be allowed to remain in the smoke house. The house should be well ventilated to prevent dampness; also dark and well screened to exclude the flies and vermin. Do not allow the pieces to touch each other.

SCORE RAISED IN 1922 BY CHICAGO MURDERERS

Chicago, March 26—Murderers have faith in the Coue formula if burglars and highwaymen have not.

Figures tabulated by the Chicago Crime Commission show that in 1920 there were 194 assassinations and in 1921 there were 190. But every day in 1922 in every way the murderers got better and better. They ran their score up to 228 in that twelve months.

Burglars were less progressive, their tallies, being 5,495 in 1920, 4,774 in 1921, and a paltry 4,301 in 1922. Highwaymen committed 2,782 robberies in 1920, 2,588 in 1921, but only 2,007 in the last year.

Jury Was Unable to Agree in Gray Case

Case From This County Tried at Albany Saturday Resulted in a Hung Jury.

The jury in the case of the state against Virgil Gray on a charge of receiving stolen property on trial at Albany Saturday, was unable to agree late last night and was discharged. This case was sent to Gentry County on a change of venue from Nodaway. It was understood the jury stood nine for acquittal to three for conviction.

Gray and Margaret Hewitt, who is now confined in the Nodaway County jail serving out time for violating the prohibition law, were jointly charged with receiving stolen property. Dr. O. L. Curl, prosecuting attorney, dismissed the case as to Hewitt, but will refile the case against her later. This action was necessary so as Gray could be tried separately. The information stated an automobile which was stolen at the Bedford fair last fall was found at the Gray farm. Muriel Fite confessed to stealing the car and was sent to the reform school recently.

Dr. Curl said today the case against Gray would be tried again. The witnesses for the state were Ed Wallace and John Porter.
